

THE ULTIMATE INDULGENCE

Sequoia Yacht, Coral Triangle

For the ultimate luxurious way to discover the Coral Triangle's hidden islands, charter the exclusive Sequoia yacht for a trip of a lifetime. The 26-metre yacht features two lavish suites, making it the perfect vacation for two couples or a small group of friends.

The Coral Triangle spans 6 million sqkm, with 17,000 islands alone in Indonesia, containing over 76 per cent of all known coral species on this planet, and more than 3,000 fish species.

Discover untouched places such as Komodo, East Flores and Wakatobi, Kaimana and the Banda Islands, as well as Raja Ampat. Dive and snorkel amongst some of the richest reefs on earth and immerse yourself in the world's most biodiverse marine paradise.

Rather than staying in a remote resort, which provides a limited experience, customise your adventure and head off the beaten path, creating your own itinerary. Dine and sleep under the stars and wake up at a new dive spot every day.

Sequoia comes with all the five-star facilities one can dream of, as well as 10 crew members, including dive instructors who know the best underwater spots, chefs who cook balanced and healthy dishes and a massage therapist who will pamper you twice a day. The staff on this mesmerising yacht wait on you hand and foot.
